the stallion _____ for the _____ season to breed
the mare named _____ . Stud fee for breeding
above named mare to this stallion is \$ _____ Includes a booking fee of
\$400. which is non refundable .

If the mare needs to be re-bred the following season for any reason, a new, non
refundable booking fee of \$400. Must be paid and received before shipment each
season semen is requested.

A uterine culture is recommended if you have : an older mare that was bred
before, a mare that had a difficult birth/retained placenta, aborted last pregnancy or
if you have any other reasons to be suspicious of her uterine health. We expect you
to follow your veterinarians recommendation.

I understand that my mare must be examined by a licensed veterinarian between
40 and 50 days after the last day bred and High Point Hanoverians notified of her
pregnancy status at that time or all live foal guarantees are null and void. A breeding
certificate will be issued after the conclusion of this breeding season.

In the event of death or the inability to produce viable semen from the stallion
contracted for this service High Point Hanoverians will substitute this fresh semen
agreement for either frozen semen from the same or fresh semen from another
High Point Hanoverians owned stallion of the mare owners choice.

This contract guarantees return privileges for the same mare during the course of
High Points breeding season. The mare owner is guaranteed return breeding
privileges for two breeding seasons following the initial breeding season. A second
mare may be substituted with permission of stallion owner. This contract is not
transferable without written permission of stallion owner. Should the mare not
produce a live foal that stands and sucks, the mare owner shall be entitled to above-

mentioned return privileges. This guarantee shall only apply if the stallion owner is notified within one week of the foals death. A statement of details by a licensed veterinarian must follow within 10 days or the guarantee becomes null and void. This clause is also binding in case of abortion. If a mare reabsorbs her pregnancy, High Point needs written verification of this fact from a veterinarian.

I understand that the mare owner shall assume all responsibility for the condition of the mare and bear all risk of loss or damage to the mare whether by death, disease, injury, infection or otherwise, and by any cause whatsoever, and therefore agrees to hold the stallion owner, keeper or agent harmless for any and all damages associated therewith.
